

1. The first part of the book
is devoted to a general
description of the
country and its
resources. The author
describes the
climate, the soil,
the vegetation, and
the animals and
plants of the
country. He also
describes the
history and
the present state
of the country.
The second part
of the book
is devoted to a
description of the
mineral resources
of the country.
The author describes
the coal, the iron,
the copper, the
silver, and the
gold. He also
describes the
salt, the sulphur,
the mercury, and
the other minerals
of the country.
The third part
of the book
is devoted to a
description of the
manufactures of
the country. The
author describes
the cotton, the
wool, the silk,
the paper, the
textiles, the
metals, and the
other manufactures
of the country.
The fourth part
of the book
is devoted to a
description of the
commerce of the
country. The
author describes
the trade with
the other countries
of the world, and
the trade within
the country.
